

Number 2 Komala Secretariat Announcement

In continuation of our last bulletin about today's events in the city of Mahabad, we let you know that today at 11:30 AM two of the regime's forces, one named lieutenant Sadeghi, made an inappropriate move against a woman. A youth named Shirko Amini who witnessed the event confronted the two forces. The criminal lieutenant Sadeghi immediately shot him and unfortunately he lost his life as a result. The people of Mahabad again confront the force for their atrocities and set their vehicle ablaze and the police base number 13 near Baghi Shayagan comes under attack.

As we all know within the last few months the regime's forces have committed a number of crimes and thus expressed their ever expanding animosity against the just movement of Kurds for freedom. At the same time, the hardworking people of Kurdistan have not been silent and have expressed their displeasure and anger against regime's atrocities to the world.

We express our condolences and deep sympathies to the family of Shirko. It is imperative that people voice their anger against such crimes by the regime.
