

Number 11 Bulletin of Komala Party:

The Islamic Republic's responds to peaceful demonstration with bloodbath

The Islamic Republic of Iran has responded to peaceful demonstration of the residents of the city of Saqez with opening fire directly at them. The latest news is that 5 people have lost their lives and more than 100 protesters are wounded, most of them seriously. Security forces have blocked the entrances and exits to the hospitals in the city and no one is allowed to enter or exit them. The military helicopters are hovering in low level across the city to intimidate the residents. Hundreds of people have also been arrested but the exact number is not known yet. The entire city is in lockdown and martial law has been announced. Despite the widespread presence of the security forces in the city, the sporadic demonstration and clashes with the regime forces is still continuing.

The criminal Islamic Republic, instead of responding to the just demands of residents of Kurdistan about bringing to justice the perpetrators of the killing of the innocent people in Kurdistan and cancellation of martial law, have brought helicopters and other terrorizing techniques to intimidate people. But people of Kurdistan are united and demand justice and freedom and will not stop until they achieve their objectives.
